Poverty shrunk, but extreme poverty grew

Poverty declined dramatically under Clinton's tenure, buoyed by the growing economy and the expanding labor force. What's more, the traditional metric excludes transfer

payments from welfare food stamps

Earned Income Tax Credit.

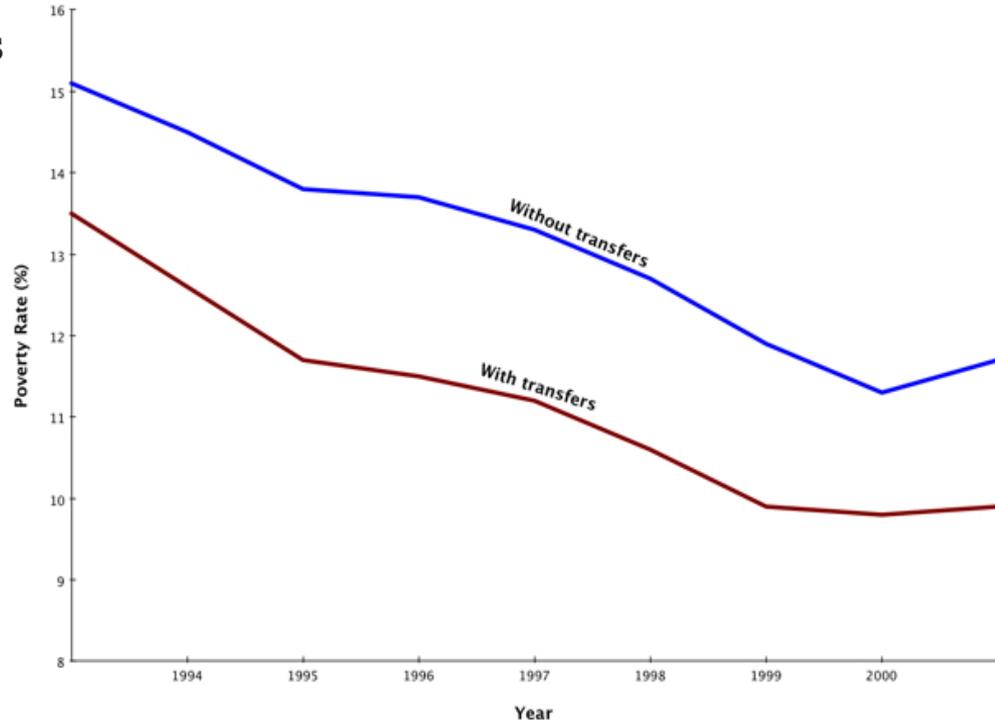

Perhaps due to Clinton's

expansion of the latter programs,

poverty including transfers fell

by 3.6 points, whereas poverty

without transfers fell by 3.4 points:

People's Thoughts

“President Bill Clinton presided over one of the most robust economies in American history. And while some of his success may have been a result of timing and some luck, his leadership his ability to create a consensus, in particular surely had a role and has some people waxing nostalgic over Clintonomics. “ (CNN News)

Bill Clinton had a major impact on the country as a whole. Not only did it show in our building economy but also in the hearts of the people. Their inspiring words helped to show how much of a difference Clinton had made.
